April 29, 2026

To Whom It May Concern,

I am pleased to write this letter of recommendation for Kiera Varela, an outstanding student in the Bachelor of Applied Technology in Cybersecurity program at St. Philip's College. Kiera is on track to graduate in Fall 2026 and has consistently demonstrated academic excellence, technical skill, and a strong commitment to the cybersecurity profession.

With a current GPA of 3.6, Kiera has distinguished herself through both her coursework and her active engagement in hands-on learning opportunities. She has competed in multiple Capture the Flag (CTF) competitions, showcasing her technical capabilities in real-world cybersecurity scenarios. Notably, during the Fall 2025 Team Game of the National Cyber League, Kiera ranked 15th out of 4,214 students in the scanning and reconnaissance category, an exceptional achievement that reflects both her analytical thinking and technical precision. She further demonstrated her capabilities by placing herself within the top 500 competitors in the Spring 2026 Individual Game.

Beyond competition, Kiera has gained valuable professional experience through her two-year internship with RedKnight in the St. Philip's College Cybersecurity Innovation Center Security Operations Center (SOC). In this role, she has developed practical skills in cybersecurity operations, threat analysis, and incident response, while consistently demonstrating professionalism and a strong work ethic.

Kiera has also served as a visible and positive representative of the bachelor's program, participating as the student "face" in multiple promotional videos for the Cyber Tiger Student Organization. Her willingness to support program outreach and represent her peers speaks to her leadership, confidence, and dedication to advancing cybersecurity education.

Throughout her time at St. Philip's College, Kiera has shown unwavering dedication to her academic and professional development. She is a motivated, disciplined, and highly capable individual who will be an asset to any organization she joins.

I strongly recommend Kiera Varela without reservation. Should you require any additional information, please feel free to contact me.

Sincerely,

Academic Program Coordinator
